# LUMBERJACK RESOURCE CONSERVATION AND DEVELOPMENT COUNCIL GRANT OPPORTUNITIES

---

# ABOUT US

- Resource Conservation and Development (RC&D) is a rural development program focusing on conservation, development and the use of area natural resources to improve social, economic, and environmental conditions for area citizens.
- A multi-county non-profit –
- We meet quarterly to review projects
- We allocate funding once per year for a variety of projects

---

# WHY THE SIX COUNTY MEETING?

Our missions align with our mission:

Improving water quality, invasive-species control  
and protecting rural land and water are a shared  
goal!

---

---

---

---

# THE APPLICATION

- Does your project fit our mission
- Does your project enhance area natural resources?  
How? Tell us a story!
- Does your project promote a higher standard of living or improve quality of life?
- Does your project include partnerships? We want to know who else is already supporting or pledging support!
- Why do you need our assistance?
- Give us an outline, a timetable and your budget

---
